

# Incident Log

October 26, 2009 to November 19, 2009

**Important:** Please note the difference in emergencies vs. non-emergencies in regards to calling the Operations Manager after hours. *Non-emergencies* (broken sprinkler that will turn off in 10 minutes, parking permits, regular business questions, etc.) should be left on the answering machine or called into the office during business hours. Calling the Operations Manager after hours for *emergencies* (witnessing vandalism that's destroying Association property, broken water main that doesn't stop, violation of governing documents, etc.) would be appropriate. **Emergencies or security issues involving your personal safety or personal property should be called in to the Brea Police Dept.** Our office would like to be informed about vandalism or thefts of personal property too. Thank you.
